of a vote on the most drastic bill proposed

Secretary Bryan spent the day in San Francisco not returning until late tonight. It was not known whether he had received further instructions from President Wilson regarding his propositions to the Legislature

In his absence the original bill to permit no further delay was carried out and when the Senate adjourned tonight the Webb bill which stands on the file as the accepted substitute of the original Thompson-Birchill measure was due to be reached within a few minutes after the upper house convened tomorrow morning

Few Amendments Expected

A few amendments may be offered but they will be resisted with the full force of the administration leaders who stated tonight that they expected the bill to be passed in its present form

There was wide discussion of the bill today although but little criticism was forthcoming from the standpoint of California. In comparison with various drafts of the bill presented by the Webb act is said to be more drastic and effective in reaching the Japanese farmers of the state than any other proposed measure and at the same time less objectionable of all from an international point of view

Senator Thompson declined tonight that the bill provided for the immediate and direct solution of the Japanese problem and to this extent it is the most rigid and extreme remedial measure that has been suggested Senator Thompson declared that the wording of the act in my part of it can in taken of a concession to the objections of Secretary Bryan and Governor Johnson in regard to the situation the measure did not have the approval of President Wilson

A SOLOQUY
If I could only surely know
That all these things that lie me down
Were noticed by the Lord
The pang that cuts me like knife
The noise, the weariness the strife
What peace it would afford
I wonder if he really shares
All my little human cares
This almighty King of Kings
It he who guides through boundless
space
Each blazing planet in its place
Can have the condescending grace
To mind these petty things
It seems to me If sure of this
Bliss with each ill would come such
hills
That I might covet pain
Dear Lord my heart hath not a
doubt
That thou dost compass me about
With sympathy divine
The love for me once crucified
Is not the love to leave my side
But waited ever to divide
Each ambient care of mine.

BUT CRIES.
What is success? To gain a share
of gold?
To have one's wealth in envions a
certs told?
To see one's picture flaunted in th
press?
Ah there be those who label this
success
What is success? To win a little
fame?
To hear a tickle world applaud you
now?
To be counted a genius? Yes
And there be those who label this
success
But have you not another standard
still?
To judge a man of character and
will?
Are gold and fame the only measure
tied?
In all this world is there no test
beside?

Frozen Desert
Frozen dishes constitute an acceptable form of serving nutriment and liquids such as milk or fruit juices and water.

Ice (or snow) and salt are required for the process of freezing. The salt melts the ice and it melting absorbs heat from the mixture thus causing it to freeze. The salt the less the more quickly the freezing will be accomplished. In freezing a freezer allow three level measure of ice to one of salt. This proportion has been found best for a fine grained mixture. The salt should not be more than three parts to one and if over crowded the cream will become coarse grained and the cream may be pushed up allowing the salt water to get in.

When freezing in small amounts put the mixture to be frozen into a water tight baking powder can or a small tin pan with cover, and stand in a large gall or bowl. Pack the ice and salt alternately around cheese cloth.

Ab yes the man who meets with
comes grim
the daily duties that devolve on
him,
The pretty moon that breaking
out that day
I'll never soil that never is up
nor
However to ramper the hill where
is the work
He has no failed to man who
never shirks
The man who toils for years with
out a break
And toils the path of pain for others
ever mark

Here are a myriad of such men to
day
Who all unnoticed walk the toil
out way
Upon their shoulders still the cross
they bear
But who will say they have not
won success?

Young Women

Read what Cardui did for Miss Myria Engler, of Parkville, Minn. She says: "Let me tell you how much good Cardui has done me. As a young girl, I always had to suffer so much with all kind of pain. Sometimes, I was so weak that I could hardly stand on my feet. I got a bottle of Cardui, at the drug store, and as soon as I had taken a few doses, I began to feel better. Today, I feel as well as anyone can."

TAKE CARDUI The Woman's Tonic

Are you a woman? Then you are subject to a large number of troubles and irregularities, peculiar to women, which, in time, often lead to more serious trouble.

A tonic is needed to help you over the hard places, to relieve weakness, headache, and other unnecessary pains, the signs of weak nerves and over-work.

For a tonic, take Cardui, the woman's tonic.

You will never regret it for it will certainly help you.

Ask your druggist about it. He knows. He sells it.
